Art Unit: 2833

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by either Blanche or Waible.

3. Claims 1 and 2 are objected to because of the following informalities: in claim 1, lines 3-4 and 4-5, and claim 2, line 2, "of said at least two blades" should be -- blade --. Claim 1, line 7, "said neck of each of said at least two blades" should be -- each said neck --; penultimate line, "at least two" should be deleted. Claim 2, line 1, "the said" should be -- said --; line 7, "communicated" should be -- communicating --. Appropriate correction is required.

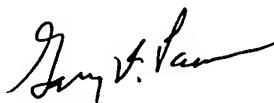

4. Claim 2 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. The other references cited on Form 892 disclose similar plugs having inner frames.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary Paumen whose telephone number is (703) 308-1414.
